

Calorimetric publications by André Chwalibog and colleagues

Chwalibog, A. & Thorbek, G. 2000. Energy metabolism and lipogenesis in humans. *Thermochimica Acta*, **349**, 43-51.

Chwalibog, A. & Thorbek, G. 2000. Estimation of net nutrient oxidation and lipogenesis in growing pigs. *Arch. Anim. Nutr.*, **53**, 253-272.

Tauson, A-H., Ali, A., Kanska, K., Sobczynska, K., Chwalibog, A. 2000. Breath test measurements in combination with indirect calorimetry for estimation of ¹³C-leucine oxidation in mink (*Mustela vison*). *Thermochimica Acta*, **349**, 53-59.

Bollen, P.J.A., Chwalibog, A., Tauson, A.H., Meyer, O. and Ritskes-Hoitinga, M. 2001. Effects of sex on metabolisable energy intake and nitrogen retention in Göttingen minipigs. In: *Energy Metabolism in Animals*. Editors A. Chwalibog and K. Jakobsen, EAAP publication 103, Wageningen Pers, 361-364.

Chwalibog, A., Jakobsen, K. and Thorbek, G. 2001. Quantification of energy transfer from carbohydrate to fat metabolism in growing pigs. In: *Energy Metabolism in Animals*. Editors A. Chwalibog and K. Jakobsen, EAAP publication 103, Wageningen Pers, 225-228.

Junghans, P. and Chwalibog, A. 2001. Complementary application of stable isotopes and indirect calorimetry: Energy expenditure. In: *Energy Metabolism in Animals*. Editors A. Chwalibog and K. Jakobsen, EAAP publication 103, Wageningen Pers, 425-428.

Theil, P.K., Jørgensen, H., Jakobsen, K., Sestoft, P., Tauson A.-H. and Chwalibog, A. 2001. Relation between oxygen consumption and heart rate in four breeds of pigs measured in short- and long-term changes of environmental temperature. In: *Energy Metabolism in Animals*. Editors A. Chwalibog and K. Jakobsen, EAAP publication 103, Wageningen Pers, 75-78.

Tauson, A.-H., Fink, R. and Chwalibog, A. 2001. Protein as an energy source for lactating mink (*Mustela vison*) estimated by breath test measurements of decarboxylation of 1-¹³C-labelled leucine. In: *Energy Metabolism in Animals*. Editors A. Chwalibog and K. Jakobsen, EAAP publication 103, Wageningen Pers, 261-264.

Chwalibog, A. & Thorbek, G. 2002. Energy expenditure and oxidation of carbohydrate and fat in humans during day and night. *Thermochimica Acta*, **7215**, 1-6.

Chwalibog, A. 2002. Substrate oxidation and retention in pigs and poultry. *Animal Science Journal*, **73**, 95-104.

Tauson, A-H., Chwalibog, A. & Ahlstrøm, Ø. 2002. Substrate oxidation in male blue foxes (*Alopex lagopus*) during feeding, fasting and re-feeding. *Journal of Nutrition*, **132**, 1793S-1795S.

Chwalibog, A., Tauson, A-H., Jakobsen, K., Barea, R. & Thorbek, G. 2003. Heat production and substrate oxidation in rats during feeding, starvation and re-feeding. In: *Progress in research on*

energy and protein metabolism (eds. Souffrant, W.B. & Metges, C.C.) *EAAP publication No. 109*, 345-348.

Chwalibog, A., Tauson, A-H. & Thorbek, G. 2003. Diurnal rhythm in heat production and oxidation of substrates in pigs during feeding, starvation and re-feeding. In: *Progress in research on energy and protein metabolism* (eds. Souffrant, W.B. & Metges, C.C.) *EAAP publication No. 109*, 349-352.

Chwalibog, A., Tauson, A-H. & Thorbek, G. 2003. Energy metabolism and oxidation of substrates in pigs during feeding, starvation and re-feeding. In: *Progress in research on energy and protein metabolism* (eds. Souffrant, W.B. & Metges, C.C.) *EAAP publication No. 109*, 387-390.

Fink, R., Tauson, A-H., Chwalibog, A., Kristensen, N.B. & Wamberg, S. 2003. Effects of low protein supply on energy metabolism and milk production of the mink (*Mustela vison*). In: *Progress in research on energy and protein metabolism* (eds. Souffrant, W.B. & Metges, C.C.) *EAAP publication No. 109*, 163-166.

Hellwing, A.L.F., Tauson, A-H. & Chwalibog, A. 2003. Energy and nitrogen balance in growing mink kits fed bacterial protein. In: *Progress in research on energy and protein metabolism* (eds. Souffrant, W.B. & Metges, C.C.) *EAAP publication No. 109*, 175-178.

Hellwing, A.L.F., Tauson, A-H. & Chwalibog, A. 2003. Energy and nitrogen balance in slaughter chickens fed bacterial protein. In: *Progress in research on energy and protein metabolism* (eds. Souffrant, W.B. & Metges, C.C.) *EAAP publication No. 109*, 179-182.

Chwalibog, A., Tauson, A-H. & Thorbek, G. 2004. Energy metabolism and substrate oxidation in pigs during feeding, fasting and re-feeding. *Journal of Animal Physiology and Animal Nutrition*, **88**, 101-112

Chwalibog, A., Tauson, A-H. & Thorbek, G. 2004. Diurnal rhythm in heat production and oxidation of carbohydrate and fat in pigs during feeding, starvation and re-feeding. *Journal of Animal Physiology and Animal Nutrition*, **88**, 266-274

Chwalibog, A., Tauson, A-H., Matthiesen, C., Ali, A., Thorhauge, K., Sawosz, E., Thorbek, G. 2004. Oxidation of carbohydrates and fat in newly hatched chickens. *Journal of Animal and Feed Sciences*. **13**, Supl. 2, 3-6.

Fink, R., Tauson, A-H., Chwalibog, C., Kristensen, N.B. & Wamberg, S. 2004. Effects of substitution of dietary protein with carbohydrate on lactation performance in the mink (*Mustela vison*). *Journal of Animal and Feed Sciences*, **13**, 647:664.

Kiani, A., Chwalibog, A., Nielsen, M.O. & Tauson, A-H. 2004. Effect of genetic line on energy and nitrogen metabolism during late gestation in twin-pregnant ewes fed restrictedly. *Journal of Animal and Feed Sciences*, **13**, suppl. 1, 417-420.

Tauson, A-H., Fink, R., Hansen, K.B., Hansen, N.E. & Chwalibog, A. 2004. Utilisation of milk energy for suckling mink kits. *Archives of Animal Nutrition*, **58**(2), 181-194.

Chwalibog, A., Jakobsen, K., Tauson A-H., Thorbek, G. 2005. Energy metabolism and nutrient oxidation in young pigs and rats during feeding, starvation and re-feeding. *Comparative Biochemistry and Physiology, Part A*, **140**, 299-307.

Tauson, A-H., Chwalibog, A. & Tygesen, M.P. 2006. Late development of homeothermy in mink (*Mustela vison*) kits - a strategy for maximum survival rate. *Journal of Animal Physiology and Animal Nutrition*, **90**, 38-45.
